1. The Director of Central Intelligence has a pre-Bermuda Conference requirement for an estimate of the probable short-term Soviet reactions, principally in Germany, to developments taking place in East Germany since June 1953. b. A Board draft will be circulated to the IAC agencies early Tuesday morning, 30 June.

c. The IAC representatives will meet with the Board at 2:00 Wednesday, 1 July.

d. A special IAC meeting will be called for 2:30 Friday, 3 July, unless the agencies are agreed that IAC concurrences can be obtained (by telephone) without a formal meeting.

e. The estimate will be published and disseminated on Monday, 6 July.
